CIRCULAR.

WASHINGTON, August 1, 1851.

CIR: After consulting many persons interested in the principal Railroads in the United States, the undersigned propose to establish agencies in this city and in New York, for the purpose of collecting full and authentic Railroad statistics and such other information as will enable them to serve persons desiring to invest in Railroad securities, or to procure information of any matters connected with the construction and administration of Railroads. They also propose, especially, to urge upon Congress a modification of the laws relating to contracts for carrying the mail, so as to authorize the Post Office Department to contract for the perpetual use of Railroads, and, instead of paying, as now, quarterly on contracts for four years, to advance in five per cent. bonds of the United States, chargeable upon the revenues of the Post Office Department, an amount, the interest upon which at 6 per cent. would equal the payments now made.

The Government now pays \$300 per mile for carrying the mail on first-leas Railroads. This is 6 per cent. on \$5,000. The undersigned would urge that, instead of paying \$300 a mile, per annum, the Department should deliver, on a contract in perpetuity, five \$1,000 bonds, bearing an interest of five per centum. At this rate the charge upon the Department would be reduced from \$300 to \$250 a mile, per annum, and the \$50 a mile saved would create a sinking fund, which will, in a few years, pay off the bonds, and give the use of such roads forever thereafter free of -all charge; thereby effecting a vast saving on the present annual expenditures of the Post Office Department, and a consequent reduction of the rates of postage.

The effect will be no less advantageous to Railroad companies than to the Government. For instance, such a contract would give to the Baltimore and Ohlo Railroad Company more than \$2,000,000, which would enable that company to complete its road at an early day, and greatly increase its business and profits.

For County Coulds. Bronchitis. Asthmag. etc.

GAUTIER'S HERB CANDI,
For Coughs, Colds, Bronchitis, Asthma, etc.
THIS INVALUABLE CANDY has the extraordinary property of immediately relieving coughs, colds, hourseness, difficulty of breathing, bronchitis, asthma, and huskiness of the threat. It operates by dissolving the conreased phegm, consequently cau-ing a free expectoration.

Those who are troubled with that unpleasant tickling in the threat, which deprives them of rest night after night, by the incessant cough which it provokes, will, by using this Candy, find immediate relief.

using this Candy, find immediate relief.
The subscriber, in presenting this Candy to public notice, wishes to be expressly understood that he does not elaim for it any miruculous curing properties, nor does he present it with a long string of certificates of recommendation, as he considers these altogether needless. This Candy is composed of eix simple ingresients, principally of herbs, which are known to be very efficacions in the cure of diseases resulting from colds, and some of which, being rather nauseous in their natural state, would deter many from resorting to them; but, when made into a candy, become palatable, without losing any

would deter harly flower replatable, without losing any of their valuable properties.

It has been prepared at the suggestion of one of our most eminent physicians, and has been used by many of his and my personal friends with signal success, and at whose earnest solicitation I have been induced to enter largely into its manufacture, assured by him and them that when generally known and tried it will supersede all the various cough candles and mixtures now in use.

As for myself, I am confident, from the ingredients of which it is composed, that, should it not effect an entire cure, it can do no injury even to the most delicate in health, and therefore have no hesitancy in introducing it to the citizens of Washington and vicinity.

Directions for use: Use one stick per day—in the morning before breakfast, in the middle of the day, and at night on going to bed. Price 12½ cents.

WONDERFUL DISCOVERY!

men in this country.

BALTIMORE, Sept. 18, 1851.

GENTLEMEN: After a full and satisfactory trial of the GENTLEMEN: After a full and satisfactory trial of the medicine prepared by you, and very generally known as Dr. Hampton's Vegetable Tincture, which you recommended me to use as a relief for the debility and general prostration of my system, the result of taking three bottles of this wonderful compound has, I am pleased to say, resulted in a restoration of strength, a keen appetite, and an activity of body which I have not enjoyed for a long time. So satisfied am I of the virtues of this medicine, that I have confidently recommended it to many of my friends and acquaintances, and am happy to learn that in a great majority of cases the most beneficial results have stamped the infallibility of the Tincture. In my own case, I am satisfied that your advice to me to give it a trial has, under the bleasing of a kind Providence, resulted in a restoration to health, for which I am truly thankful.

Respectfully, JOS. K. STAPLETON, 198 W. Baltimore street.

Messys. Mortimer & Mowbray.—Gentlemen: This is to
certify that in the year 1843 I was attacked with a neryous affection, in consequence of Dyspensia or Indiago.

Messrs. Mortimer & Mowbray—Gentlemen: This is to certify that in the year 1843 I was attacked with a nervous affection, in consequence of Dyspepsia or Indigestion, which continued some eighteen months, during which time my sufferings were intense, both of body and mind. I tried every thing I could think or hear of, (as there was much sympathy for me,) and at length all of forts failed to cure me. I became much weakened, and could walk but a very short distance at a time, and was often in the act of falling upon the pavement, (I would stop in some door or alley to prevent it.) in consequence of frequent palpitations; and, from what I could learn, I supposed I had disease of the heart, from frequent distressing pains about the same; as also my cheat and abdemen—the latter being much distended. At this stage of my disorder I could neither eat, sleep or realk with any satisfaction to myself. Life seemed to be a burden to me. My feelings were gloomy beyond description.

I at length heard of Dr. Hampton's Vegetable Tincture, and made trial of it. I had but taken the first dose when I felt a change for the better, and hope immediately sprang up. I confinued, with the use of this incaluable Tincture, to improve daily, until I had taken the contents of three bottless, which, under Divine Providence, made a perfect cure of me.

I found I had an excellent appetite, and could partake of any food, which I could not do for years previously without the most distressing sensations. I now enjoy uninterrupted good health, and have done so for the last six years; and would say to all afflicted as I have been, to cast aside your prejudices, and try Hampton's Vegetable Tincture. Any information beside this but meagre description of my case will be given cheerfully for the benefit of the afflicted. Yours, WILLIAM M. OLDHAM, Custom-House; dwelling, Fsyctest., near Fremont.

SUCH A MASS OF HOME TESTIMONY MUST CARRY CONVICTION TO EVERY MIND.

Mestrs. Mortimer & Monobray—Gentlemen: The cure of Mr. Robert Gault, by the use of three bottles of Hampton's Vegetable Tincture, as per his certificate, is, I think, almost unprecedented. His case of extremely exeruciating suffering, from Chronic Inflammatory Rheumatism, came immediately under my own observation, through the last four years, which I considered entirely hopeless. Through my earnest persuasion, he was induced to try your invaluable Tincture. I was prompted to remark at the time, that if medicine would cure Mr. Gault, it certainly would "remove mountains." The knowledge of this miraculous cure compels me to consider it a duty I owe to the afflicted (and particularly to those with complaints like his) to make generally known the healing power of this truly wonderful medicine.
